## World's Week

BY HAROLD L. WEIR

Associate editor of The Edmonton Bulletin and author of the daily column "From the News"

Over in Europe, the most interesting development is the rapidly growing rapprochement between Adolf Hitler and the so-called Vichy government.

As this week wore on it became more and more evident that Marshal Petain and his colleagues, or perhaps it would be better to say Marshal Petain deluded by his colleagues, would collaborate to the fullest extent with the Nazis even to the point of waging war against their former allies, the British.

Harold L. Weir

This attitude towards the democracies was so marked that American newspaper men, reporting Vichy activities, vigorously urged the United States government to withdraw its ambassador from the puppet Vichy state in order to impress upon Frenchmen the desperate situation into which Darlan and other adventurers cast up by the tide of war were leading them.

Britain, too, found it necessary to warn Vichy that she would strike without mercy at any French colony port, ship, or force shown to be rendering any assistance to the Nazis.

It was established beyond doubt that the aged and decrepit Marshal Petain had been kept in ignorance of the consequences of his colleagues' acts, just as the French people themselves have been flouted and ignored by the headstrong and personally interested gang that has seized control of the French administration.

Honest French public opinion, however, may be more enlightened than Petain.

It was disclosed a day or so ago that Darlan, passing through the city of Beauvais in occupied France on his way to a conference with Hitler, was hissed, booed and narrowly escaped a stoning by the people of that discriminating and outspoken city.

It is not possible to doubt the loyalty and faith of the people of

## MIGHTY LION COUNTS ON YOU

This mighty British lion, proud symbol of an unconquerable race, is pictured here superimposed on a background of factories whose belches of smoke chide a symphony of determination to rid the World of Nazi lust. Truly a tribute to Canadian industry whose factories produce these planes and ships and guns - the tools of war - this design won first prize in a Canadian-wide contest for posters for use in the coming Victory Loan campaign. The design was the creation of A. J. Casson, well-known Canadian commercial artist, and as a result Mr. Casson will receive his prize, a one thousand dollar Victory Bond, at the hands of His Excellency the Governor General. When produced in striking colors of gold and scarlet, the design will appear on bill-boards in every city and town in the Dominion, a reminder to the nation to support the loan so that the tools may be supplied to smash the German hordes.

Rain which began falling Saturday evening was a welcomed by farmers and gardeners alike. After the high winds and dry weather. The rain turned to a heavy snow Sunday, which continued through the night and with the temperature hovering close to freezing. It was mere like January than May. Considerable damage was done to the trees by the weight of the snow. It has continued cold with intermittent rain, and sufficient moisture has now been received to bring the crops along rapidly, with warm weather. Skies are still overcast. Seeding is completed in the district and early sown grain is looking splendid.

France. They know their only hope for freedom lies in a British victory. And they are confident that this victory will eventually take place.

One very real danger at present is that they may be driven by the actions of Vichy to revolt prematurely against Vichy and Berlin. Britain is hoping that their indignation may be voluntarily held in check until the Germans show signs of weakening and the time will be more ripe for action.

## VICTORY LOAN OPENING AND MILITARY DISPLAY

Arrangements for the Crossfield and District campaign for the Victory Loan are proceeding satisfactorily. Organizer for the campaign is Frank Laut, M.L.A., and members of the committee are as follows: Chairman G. A. C. Douglass, R. Amery, J. Scott, J. Watt, J. Eddy and Clem. Perry. Canvassers are T. M. Blair, Frank Landymore, Chas. Fox, O. E. Jones, H. R. Fitzpatrick and A. E. Edlund.

The Military Parade will commence at 10 o'clock Monday and will include a 27 piece band, a platoon of infantry, a Bren gun carrier with crew, a mobile kitchen and transport trucks. The military unit will parade through the Main street and proceed to the Village park and will then demonstrate military manoeuvres and other army work.

His Worship the Mayor has issued a proclamation that all business places be closed from 10 a.m. until 1 o'clock. It is hoped every body will make it a point to visit Crossfield on that day. Local citizens and business men are urged to decorate their places and display all available flags, for the occasion.

## WEDDING

CAMERON - HENSON

A quiet wedding took place in Calgary on Saturday, May 24, when Miss Dorothy May Henson became the bride of Simon Woodburn Cameron of Crossfield. The ceremony was performed by Rev. Dr. Archibald of the First Baptist Church.

The bride was tastefully dressed in pink and carried a bouquet of Sweetheart roses. She was attended by her sister, Miss Veronica Henson. Mr. Henry Main was groomsmen.

After signing the register, the wedding party went to the home of Mrs. Main where a lovely lunch was served, after which the young couple left by car for Banff.

Mr. and Mrs. Cameron, parents of the groom, attended the wedding.

## LOCALS

Mr. George Lim has been confined to his home for the past few days with a sprained ankle.

Mr. Hugh McIntyre left Wednesday on an extended visit to Cornwall, Ontario.

Mrs. J. Crocker and her daughter Mrs. W. G. Jones, of Calgary, were visitors in town last Friday.

Mr. and Mrs. Mossop, Mr. and Mrs. E. Devins and family spent the week-end at Sylvan Lake.

Miss Helen Winger of Carstairs, formerly on the local telephone staff, was a visitor in town Monday.

Miss Vera Atkin of Carmangay, Alberta, arrived in town last week to take a position in the local telephone office.

Miss Margaret MacKay of Three Hills, formerly of Crossfield, spent the week end at the home of Mr. and Mrs. H. R. Ballam.

Mr. and Mrs. J. P. Metheral are leaving this week-end to spend a month's vacation at the Pacific coast.

A. E. Edlund entertained quite a crowd at the park Saturday night when he put on a nice display of fireworks.

Mr. and Mrs. G. E. Mann of Lacombe were the guests of Mr. and Mrs. P. H. Fleming during the holiday week-end.

Mrs. Sangster and daughter, of Medicine Hat, were visitors at the home of Mr. and Mrs. Ellison for a few days last week.

All trucks, large or small, are required by law to come to a full stop before crossing any railway track. Any infractions will be prosecuted.

Mr. and Mrs. Bill Brooks and family of Calgary spent the holiday week-end at the home of Mr. and Mrs. D. J. Hall.

Six members of the local A.Y.P.A. attended a rally at Sylvan Lake last Saturday, when about 50 delegates from the various branches attended.

Mr. A. M. Cumming of Stony Plain, Alberta, has been transferred to the local branch of the Bank of Commerce, and has arrived with his wife and family. They have taken up residence in the house vacated by G. J. Dawson.

Mr. and Mrs. Ballam spent Wednesday in Calgary, where they visited the former's nephews. Capt. Oliver and Pte. Ralph Ballam, who were en route from Vancouver to Camp Borden. Capt. Art. Irwin accompanied them home and spent the night here.

Pictured here is a wing from a German Junkers bomber brought down by British night-fighters. A crew member was found dead a mile away.

## - PROCLAMATION -

MILITARY PARADE  
ON MONDAY, JUNE 2nd, ALL PLACES  
OF BUSINESS WILL CLOSE FROM 10  
A.M. TO 1 P.M.

By Order,  
W. J. WOOD, Mayor

## LET'S DO OUR SHARE

Here in Canada, separated as we are from Europe's war by many hundreds of miles of ocean, we are indeed fortunate. But our good fortune can sometimes make us forgetful of what is going on around us. Our present apparent apathy in this struggle stands condemned from many quarters. Soldiers, upon returning to Canada from England, have expressed their amazement at our lack of organized effort. Only recently Hon. Mitchell Hepburn, Premier of Ontario, gave utterance to this thought: "We are satisfied to do too little too late while Hitler does too much too soon. We talk big, but we just do not deliver the goods commensurate with our organized capabilities. I am frank to confess that, in my judgment, only the stark realization of a two-ocean invasion will awaken us from our state of apathy."

Let us pray that Ontario's premier is wrong.

But it is up to Canadians to deliver the goods. Already Canada has delivered to the fighting front hundreds of men trained and equipped to fight our cause. Here in Canada it is our sacred duty to keep them supplied with the articles of war. Those of us who are not able to take up arms ourselves, should help as best they can. We can add to our nation's war effort by subscribing to the Victory Loan. If we can't fight, let's lend.

## Prisoner-of-War

**Capt. Lionel Massey**  
Reported wounded during the defence of Greece, Capt. Lionel Massey, elder son of Hon. Vincent Massey, Canadian High Commissioner in London, is now a prisoner-of-war, relatives in London have been advised.

## The World of Wheat

By H. G. L. Strange

During the long history of Britain there is one word that has ever been a guiding star to our people—the word DUTY.

It is because of the "Devotion to Duty" of such great figures as Drake, Cook, Nelson, Wellington and of the one million soldiers of the Empire who gave their lives in the last war, that our people have had the quiet peaceful enjoyment of the wheat fields of Canada, the pastures of Australia and New Zealand, the mines of South Africa the fisheries of Newfoundland, the pleasant lands and great cities of the Motherland, and of the justice, toleration, liberty and freedom enjoyed by all of us under the British flag.

Today these precious things are

threatened by an implacable, efficient, numerous and ruthless enemy. Soldiers from every part of the British Empire are desperately struggling, in the thick of battle against overwhelming numbers, to cling to strategic positions which must be held if Canada and the Empire is to survive; and so an urgent call has gone out for help, and today our young men have the privilege of doing in turn their plain duty by joining the armed forces of Canada to reinforce their sorely pressed comrades now holding the Empire battle lines.

Following factors have tended to raise price: Canada exported 20.3 million bushels of wheat during April and 8.8 million bushels for the single week ending May 16th, the highest weekly export in 9 years—Estimates of wheat seedings for the 1941 crop in 17 northern hemisphere countries total 2.5

percent below 1940—Seedings in Japan reported nearly 4 percent below those of 1940 and crop prospects unfavorable.

Following factors have tended to lower price: The Kansas winter wheat crop is now estimated unofficially at 185 million bushels, up 19 million from May 1st—India's crops reported excellent and acreage up 2 percent over 1940—Argentine corn stocks remain at a high level with exports negligible.

*Here's the ACTION  
you've been wanting!*

There's a place for YOU at the wheel of a roaring tank; behind a spitting Ack-Ack gun; astride an armoured motorcycle... and YOU are not the man to hang back. It's YOUR fight; the weapons are being forged; the way prepared. The call is to ACTION from the minute you step into uniform. You and your PALS are needed NOW. Canada and the Empire, your home, your loved ones, must be protected; get into the fight.

The Canadian Active Army requires men for Artillery, Engineers, Signals, Armoured Cars, Tanks, Infantry, Transport and Supply, Medical, Ordnance and other branches of the Service. The Army is prepared to teach many trades, and to train you to efficiently handle Canada's weapons of war.

Go to your nearest District Recruiting Office. Find out about these Units; how they work, what they do. See just where you'll fit in. See where any particular skill you possess can best be utilized. Then join up for ACTION.

## FARM AND HOME WEEK

The Olds School of Agriculture will be the scene of the third annual "Farm and Home Week" to be held from June 23rd to 27th, 1941.

Conducted by the Department of Agriculture, this week of lectures, demonstrations and renovation has been planned especially for farmers and rural home makers. All facilities of the School of Agriculture including the plots, herds of live stock, laboratories and the grounds are used to make Farm and Home week a profitable and enjoyable holiday.

This year emphasis will be placed on those production problems which have arisen out of the war, and a number of prominent authorities will be on hand to take part in the program and lead the discussions. Among the general topics to be discussed this year are: horses, beef cattle, dairy cattle, sheep and swine, forage crops and agricultural engineering.

A special program is being arranged for the ladies to deal with horticulture, poultry, useful home appliances and Home Economics.

Board and room at reasonable rates may be obtained in the modern dormitories of the School.

## JAM FROM POWDER

Empire countries with crops of fruit held up by lack of shipping, will be interested in the new storage processes of chemists at Bristol University Research Station.

The work was originally designed to meet the problem of Britain's own surplus fruit, but, with the cessation of imports, the results are now available for Empire producers.

Surplus apples are economically stored, with great saving in space, in the form of apple juice and apple treacle. Natural sugar makes this product extremely sweet, and it is a valuable substitute for sugar in all forms of household cooking.

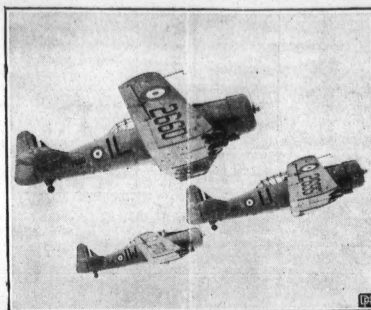

Soft fruit, plums and apples are

reduced to a dry fine powder, useful for food processing. Plum powder can be made into jam at any time of the year.

In their work on black currant syrups, the experts have found that, after a long period of storage, there was present, in some cases, double the amount of Vitamin C (a preventative against scurvy) as in fresh citrus juices. The short-

age of Vitamin A has also drawn attention to the need for using all surplus carrots, and a powder is now being extracted commercially in plant normally used for the spray drying of milk.

Professor: This class is so dumb that if you stood in a circle, the federal government would raid you for being a dope ring.

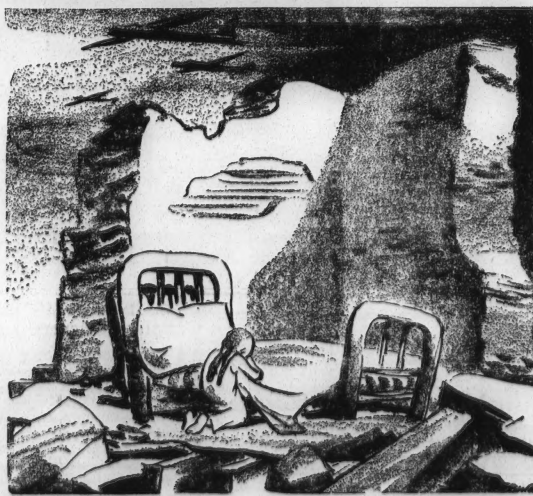

North American Harvard trainers used in teaching advanced military flying. They have retractable landing wheels, can fly 200 m.p.h. and are now being manufactured in Canada.

## Armchair Airman

Sir Richard Edmund Charles Peirse, nicknamed "P. Peirse" is the Royal Air Force Marshal who sends out the of England to raid territory from Narvik to Naples, from Rouen to Berlin. One of the earliest fliers, Marshal Peirse has refuted any suggestion that he's an armchair pilot.

SAVE YOUR CHILD FROM THIS — BUY VICTORY BONDS!

# Why CANADA MUST BORROW \$600,000,000

## A Statement by the Minister of Finance

In money alone, this war is costing Canada in round figures, \$4,000,000 a day. That is three and one-quarter times the daily cost of the last year of the last war. This conflict costs so much more because it is a battle of giant, swift machines . . . as well as of men. And to build other than the very best machines would be futile. They must be worthy of our men.

Canada dare not . . . and will not . . . sacrifice men for lack in quality or quantity of fighting machines. Hence we must produce them on a scale hitherto undreamed of.

To do this, Canada needs now to borrow from her citizens at least \$600,000,000 in addition to the revenue raised by taxes. To obtain this money Canada will on June 2nd offer Victory Bonds.

Fortunately, Canadians have the money to buy these Victory Bonds. This is shown by a greatly expanded

national income and by record savings deposits.

If every person who has savings or who can make payments out of wages or income will invest in Victory Bonds, the Loan will be quickly subscribed. But the wholehearted support of every citizen is necessary.

What Canadians have done before, Canadians can and will do again. Our population was less than nine millions in 1918 and 1919. Yet in November, 1918, our people invested \$616,000,000 in Victory Bonds. Eleven months later, in October, 1919, they invested \$572,000,000. The total subscribed for Victory Bonds in those two loans was \$1,188,000,000. This year, with our population increased to more than twelve millions, the nation that did it before can do it again—and in greater measure.

The terms of the Loan will be announced May 31st. Get ready to buy every Bond that you can.

*R. M. Mackenzie*  
MINISTER OF FINANCE

*Help finish the job!*

### WARNING AGAINST MAILING CIGARETTE LIGHTER FLUID

Despite the recent caution given against including inflammable substances in the mails, Hon. William P. Mulock, K.C., Postmaster General, states that this dangerous and illegal practice is still continuing.

Although the Canadian Postal Corps authorities report that the recent warning against enclosing matches in soldiers' parcels has evidently had the desired effect, cigarette-lighter fluid is still being mailed in considerable quantities,

and on one single day this month, eight tins, which had been listed on the accompanying Customs Declaration forms, were removed from parcels at the Base Post Office, Ottawa.

The public are advised that cigarette lighter fluid must not be sent through the mails. The danger of doing so, especially under war conditions, must be apparent, for should this substance ignite it might cause great loss to the mails or postal premises, and if in transit, to the mail train or the ship; as

well as injury to postal employees. Some weeks ago attention was directed to the fire hazard caused by matches which ignited in a parcel already sorted into a mail bag at the Base Post Office.

Postal Regulations prohibit the mailing of any inflammable, explosive, dangerous or destructive substance or liquid, or any matter, etc., likely to injure any letter or other mailable matter, or the person of any officer or servant of the Post Office. Public co-operation is solicited in helping the Canadian Postal Corps safeguard the mails.

## SNUFF IT OUT!

## A Great Soldier

Australian Army Minister, P. C. Spender, at Sydney hailed Maj.-Gen. Sir Thomas Blamey, C.B., C.M.G., D.S.O., second-in-command to Gen. Sir Archibald Wavell, G.C.B., C.M.G., M.C., as one of Australia's greatest soldiers.

A young lady walked cheerfully into the post office, stopped at a wicket and asked for a three-cent stamp. The clerk was not in a very good humor and snarled: "This is the information wicket can't you read?" The lady meekly proceeded to the proper place, purchased her stamp and returned: "You say this is the information wicket?" "Yup," replied the clerk. "Well, if I mail this letter tonight, will it be in Winnipeg tomorrow?" she asked. "Sure the clerk barked: That's funny," was the final squelch; "it's addressed to Vancouver."

### SEEDTIME and HARVEST

By  
Dr. K. W. Neathy  
Director, Agricultural Department  
North-West Line Elevators Association

## An Invitation.

During the past winter 4,870 different samples of farmers' seed have been sent in to The North-West Line Elevators Association for germination tests. As a result of the prevalence of frost damage in northern areas, particularly to oats and barley, the results of the tests have been of great importance to farmers availing themselves of the service.

About 2,500 farmers have asked us to make growing tests in the field in order to determine the varietal purity of their stocks. We have undertaken to do this for wheat varieties only. In oats, varietal purity is hard to establish and, since it is largely a matter of feed, purity is of small concern except to seed growers. Barley is more difficult than wheat, and we hesitate to burden university or government cerealsists unduly.

We shall, therefore, have about 2,000 samples of wheat seed planted for purity tests. In nearly all cases, the plots will be identical with the crops the individual farmers concerned are growing, since they voluntarily sent their own seed in to us. The plots will be located at the University of Manitoba.

I take this opportunity of inviting farmers and others who may be in Winnipeg this summer to visit our office, laboratory and plots. Our address is 763 Grain Exchange Building. At the same time you can visit the Dominion Grain Inspection Offices and the Grain Research Laboratory of the Board of Grain Commissioners.

### SUMMER PASTURES FOR DAIRY COWS

A mixture of Fall Rye and Oats sown before June 1st will provide a satisfactory pasture for dairy cattle. The Oats provide pasture early in July and the Fall Rye, which will stand trampling, will offer good pasture until frost appears and will also provide good pasture early the next spring.

The rates of seeding suggested are

1-2 bushel fall rye and 1 1-2 bushels of oats per acre, although this may change depending upon the locality. The land on which this grain is seeded ought to be free of weeds, especially stalkweed, and should be in good tilth when seed is sown.

If provision can be made to divide this pasture into two or three fields, it will be possible to rotate the dairy herd from one field to another, thus

providing better pasture for a longer period. —Department of Agriculture.

"In New York," he said, "they have a company that does nothing but answer phone calls for other people.

"I've been doing that for years myself," said the man with three pretty daughters.

### Riders and Hikers Plan Mountain Outings

Their backs turned to a world gone mad, the Sky-Line Trail Hikers and the Trail Riders of the Canadian Rockies will this summer set their faces toward the clean, snow-covered peaks of the Canadian Rockies where the eagle and the mountain goat rule supreme. Theirs, for a spell, will be the simple pleasures of the trail, the fine companionship of a campfire, the adventure of new trails, the common thrill of discovering Nature in new moods.

Two splendid outings have been planned for this summer for these two democratic organizations. The outings are paced to accommodate young and old, stout and lean. The man-made entertainment is provided by the riders and hikers themselves, artists,

writers, stenographers, school teachers, parents, businessmen, lecturers, doctors, salesgirls and others who love the open although their daily occupations confine them to the city.

The Trail Riders leave Banff first on a most-interesting trip, following a new trail to Mount Assiniboine, the "Matterhorn of the Canadian Rockies." They will ride for four days and spend one other in camp. Their outing is from July 25 to 28. The Sky-Line Trail Hikers have chosen a permanent camp at Prolific Meadow in Kootenay Park and will spend four days, August 1 to 4, exploring a district which is of great charm and variety. Both organizations provide time for fishing, for the study of the flowers and wild

animals of the district, for leisurely enjoyment of the grandeur of the mountains. Camera fans will find these low-rate outings particularly thrilling because of the variety of picture material. The fisherman will discover near-virgin lakes teeming with fighting mountain trout. The out-door lover will discover an entirely new world and new ways of enjoying it.

Applications can be sent to the secretary-treasurer, Z. Murray Gibbon, noted Montreal author, whose office is in Windsor Station, Montreal; or to L. S. Crosby, or Dan McCowan, Banff, the western secretaries. The Banff Springs Hotel is headquarters for both organizations immediately preceding the outings.

Lieut.-General A. G. L. McNaughton, C.B., C.M.G., D.S.O., commanding the Canadian Corps in the United Kingdom, from a new portrait painted for the War Savings Committee by J. E. Sampson, well-known Canadian artist. Lieut.-General McNaughton has granted permission for the use of his portrait in a campaign to emphasize the urgent need for Canadians to honor their pledges to purchase War Savings Certificates regularly—to support our forces and their leaders.

## Crossfield In Path Of Armoured Convoy

Turning from its "attacks" on a score of towns in Southern Alberta the mobile convoy that has been the highlight of Alberta's recruiting campaign is now routed north through Central Alberta with more than 40 towns marked as "objectives".

Travelling in ten vehicles, this miniature army of 125 officers and men puts on a thrilling display. A Bren gun carrier goes into action accompanied by y infantry in full battle equipment, in a demonstration of modern battle tactics. The infantry detachment gives an exhibition of special drills and a full dress parade is led by a military band.

"Army life" on its quieter side is "illustrated" too. A mobile field kitchen and ration lorry take care of the troops at mealtime. Tents are pitched and camp made for the night, and, in the evenings the soldiers sit around big camp fires and sing, accompanied by the members of the band.

Arrangements have been made for the co-operation of reserve army units, veterans', scouts and guide organizations and other local bodies, to make the visit of this army convoy a gala occasion at every stop on the route. Starting from Calgary Monday June 2nd, the itinerary is as follows:

June 2	Morning	Crossfield
	Afternoon	Castroville
	Evening	Didsbury
June 3	Morning	Olids
	Afternoon	Bowden
	Evening	Innisfail
June 4	Morning &	
	Afternoon	Red Deer
	Evening	Lacombe
June 5	Morning	Ponoka
	Afternoon	Wetaskiwin

On this trip of nearly 900 miles, the convoy will be accompanied by a recruiting party with complete medical board. Men may be medically examined, attested and enlisted right in their own town. Recruits are needed for all branches of the army, and friends may be posted to the same unit. Men of
